

2010 Household Trash Pickup Schedule

The citywide household trash pickup program will begin Monday, April 5, 2010. Household rubbish, old appliances (compressors must be removed from refrigerators and air conditioners), and minor remodeling materials will be picked up. Residents should place all materials near, but not beyond the curb.

Residents are advised that there is a limit of one truckload of material per residence. A truckload is defined as one pickup truck or approximately 3' high x 4' wide x 8' long, approximately 100 cubic feet maximum. Crews will not pick up hazardous items, paint, tires, or piles of rubbish or trash that are mixed with brush or limbs. Residents are required to keep all materials off sidewalks, parking areas and out of gutters.

Every attempt will be made to follow the schedule as close as possible. The actual pickup day may change depending on the weather and the amount of participation by residents. However, residents are required to have all of their materials in place no later than 7:30 a.m. on their scheduled pickup day to ensure pickup. Any materials put out after 7:30 a.m. on the scheduled pickup date may not be picked up.

Brush collection is scheduled to begin on May 3. A new schedule will be provided in advance of the start date. Brush and bagged leaves/yard clippings will be picked up during this second collection. It should be noted that bagged yard waste will be collected with the regularly scheduled refuse collection throughout the year.

Residents have been very cooperative in the past and we ask for their continued cooperation this year. The household trash pickup schedule is also available on the City of Oak Ridge web site www.cortn.org. If you have any further questions, please contact Waste Connections of Tennessee at 482-3656.
